Molecular and Cellular Biology, a publication of the American Society for Microbiology (ASM), 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171, is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Journals Division. The journal is published monthly, one volume per year. The nonmember print subscription prices are $361 (U.S.) (Canadians add 7% GST) and $462 (other countries) per year; single copies are $40 (Canadians add 7% GST). The member print subscription prices are $80 (U.S.) (Canada add 7% GST) and $105 (other countries add 7% GST). For prices of CD-ROM versions, contact the Subscriptions Unit, ASM. Correspondence relating to subscriptions, defective copies, missing issues, and availability of back issues should be directed to the Subscriptions Unit, ASM; correspondence relating to reprint orders should be directed to the Reprint Order Unit, ASM; and correspondence relating to disposition of submitted manuscripts, proofs, and general editorial matters should be directed to the Journals Division, American Society for Microbiology, 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171. Phone: (202) 737-3600.

Claims for missing issues of residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20005, and at additional mailing offices.

POSTMASTER: Send address changes to Molecular and Cellular Biology, ASM, 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171.

Made in the United States of America. Printed on acid-free paper.

1993 APPLICATION FOR FULL MEMBERSHIP IN THE AMERICAN SOCIETY FOR MICROBIOLOGY
1325 Massachusetts Ave. NW • Washington, DC 20005-4171 • (202) 737-3600 • FAX (202) 737-0368

Eligibility
ASM welcomes to full membership anyone who is interested in its objectives and has a minimum of a bachelor's degree or equivalent in microbiology or a related field.

Initiation
Memberships are initiated and renewed in January each year. Unless there are directions to the contrary, membership nominations received prior to September 1 are credited to the current year, and back issues of the selected publications for the current year are furnished, if available. Nominations received after September 1 will become effective the following January.

Member Information
How did you first learn about the ASM? (Check one):
☐ A colleague  ☐ An ASM journal  ☐ An ASM Branch  ☐ Direct mail inquiry
☐ A professor  ☐ A workshop, conference or meeting  ☐ An advertisement in ASM journal

Dues
Annual dues for 1993 are $75. Dues include ASM News (monthly) and a $51 credit which may be deducted from the total cost of the journal(s) you purchase at the special membership rates indicated below.

Journals
☐ Enclosed is my dues payment (U.S. Dollars only) ........................................... $75

AMERICAN SOCIETY FOR MICROBIOLOGY
1325 Massachusetts Ave. NW • Washington, DC 20005-4171 • (202) 737-3600 • FAX (202) 737-0368

Eligibility
Any matriculated student majoring in microbiology or a related field who has not earned a doctoral degree is eligible for election as a Student Member. Student Members have all the privileges of membership except the right to vote and hold office in the Society. Student Members receive ASM News monthly and are entitled to subscribe to the Society’s scientific journals at member rates.

Initiation
Memberships are initiated and renewed in January each year. Unless there are directions to the contrary, membership nominations received prior to September 1 are credited to the current year, and back issues of the selected publications for the current year are furnished, if available. Nominations received after September 1 will become effective the following January.

WHERE YOU WANT TO RECEIVE YOUR SUBSCRIPTIONS
From eucaryotes to viruses... depend on these two ASM journals for cutting-edge science

Researchers find Molecular and Cellular Biology to be an authoritative source for the dissemination of fundamental knowledge and new developments in all aspects of the molecular biology of eucaryotic cells, of both microbial and higher organisms. The scope includes regulation of gene expression, transcription, cell growth and development, oncogenesis, cell and organelle structure and assembly, DNA replication and recombination, chromosome structure, and somatic cell genetics. The journal publishes work on microbial as well as higher organisms and on viral systems where the emphasis is clearly on the cell.

Editor in Chief: Alan M. Weiner

ISSN 0270-7306 • 6,000 pages/year • monthly • $361.00 (U.S.A.) (Canadians add 7% GST) • $462.00 (other countries). Advance payment in U.S. dollars (or MasterCard, VISA, American Express, or Eurocard charge instructions) required. Members of ASM may subscribe at $80.00 (U.S.A.) (Canadians add 7% GST). $105.00 (other countries); limit is one personal subscription per member. Subscriptions start with the January issue.

The Journal of Virology maintains its premier position as a source of broad-based, high-quality, original research concerning viruses of bacteria, plants, and animals. Because viruses serve as vital tools for studying life processes at the cellular and subcellular levels, the journal is essential reading not only for virologists but for molecular and cellular biologists as well.

While many competing journals publish in narrowly specialized areas, JVI provides fundamental new information using cross-disciplinary approaches of biochemistry, biophysics, cell biology, genetics, immunology, molecular biology, morphology, physiology, and pathogenesis and immunity. More than a simple reporting of new data, the journal includes articles containing experimental observations which lead to innovative concepts and stimulate new directions for research. Specific sections include: Viral and Cellular Oncogenes, Viral Pathogenesis and Immunity, Virus-Cell Interactions, Animal Viruses, Bacterial Viruses, Plant Viruses, and Protozoan and Fungal Viruses. Also included are minireviews.

Editor in Chief: Arnold J. Levine
Editors: John M. Coffin, Stephen P. Goff, Peter M. Howley, Robert A. Lamb, Michael B. A. Oldstone, Carol Prives, Vincent R. Racaniello, Thomas E. Shenk

ISSN 0022-538X • 8,100 pages/year • monthly • $362.00 (U.S.A.) (Canadians add 7% GST) • $432.00 (other countries). Advance payment in U.S. dollars (or MasterCard, VISA, American Express, or Eurocard charge instructions) required. Members of ASM may subscribe at $81.00 (U.S.A.) (Canadians add 7% GST), $106.00 (other countries); limit is one personal subscription per member. Subscriptions start with the January issue.

Both journals are now also available on compact disc (CD-ROM) for Macintosh and MS-DOS personal computers. For information and prices for a monthly subscription or yearly archival disc, fax (202 737-0367) or write to the Subscriptions Unit at the address given below.
