Molecular and Cellular Biology (ISSN 0270-7306), a publication of the American Society for Microbiology, 1325 Massachusetts Ave., N.W., Washington, DC 20005, is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Department. The journal is published monthly, one volume per year. The nonmember subscription prices are \$340 (U.S. and Canada) and \$390 (foreign; air drop shipping) per year; single copies are \$40. The member subscription prices are \$43 (U.S. and Canada) and \$93 (foreign; air drop shipping) per year; single copies are \$10. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Publications Department, 1325 Massachusetts Ave., N.W., Washington, DC 20005 (area 202 737-3600).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20005, and at additional mailing offices.

POSTMASTER: Send address changes to *Molecular and Cellular Biology*, ASM, 1325 Massachusetts Ave., N.W., Washington, DC 20005.

Made in the United States of America. Printed on acid-free paper.

15 reasons

... why you should join your professional colleagues in the American Society for Microbiology, the world's largest single life science membership organization ...

- 1 A monthly subscription to ASM News.
- 2 Member rates on ASM's four world primary research journals.
- 3 Member rates for all ASM meetings and conferences.
- 4 An opportunity to network with your peers.
- 5 Certification and registration programs through the National Registry of Microbiologists, the American Board of Medical Microbiology, and the American Board of Medical Laboratory Immunology.
- 6 Outstanding continuing education workshops at member rates.
- 7 Superior educational materials, including an extensive video collection.
- 8 An effective job placement service available to members at a nominal fee.
- 9 A schedule of all local, regional, national, and international meetings involving microbiology, biology, and chemistry.
- 10 An opportunity to become involved in local and regional activities with ASM branches.
- 11 An influential voice in Washington with an effective public relations program.
- 12 An honors and awards program.
- 13 Optional field disability and health insurance for dual life members.
- 14 Voting privileges.
- 15 An opportunity to participate in the special \$100,000,000 fund choice and win up to 25,000 members in the prize drawing of the microbiology sciences.

If these 15 reasons, and there are many more, should add to you why not find out how you can join ASM today?

PHYSICAL MAP OF *ESCHERICHIA COLI*

Call for Contributions

The *Journal of Bacteriology* will publish in tabular form and on a quarterly basis the physical locations of genes and loci assigned to the *Escherichia coli* chromosome. This information can be presented by the unambiguous identification of a matching restriction pattern or by the assignment of a gene or locus to a particular λ phage from the "Miniset" library. Tables, accompanied by a brief amount of text, should be submitted in duplicate to the ASM Publications Department. All parts must be typed double spaced. Galley proofs will not be sent to the authors, and no page charge(s) will be assessed for these contributions. Reprints will not be available. For a more complete description of these submissions, see the January 1990 issue of *ASM News*.
