Molecular and Cellular Biology (ISSN 0270-7306) is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Department. The journal is published monthly, one volume per year. The nonmember subscription price is \$92 per year; single copies are \$21. The member subscription price is \$27 (foreign \$35 [surface rate]) per year; single copies are \$7. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Publications Department, 1913 I St., NW, Washington, DC 20006 (area 202 833-9680).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20006, and at additional mailing offices.

POSTMASTER: Send address changes to *Molecular and Cellular Biology*, ASM, 1913 I St., NW, Washington, DC 20006. Made in the United States of America.

Savant's Speed Vac Pat. 4226669 Evaporator Concentrator

is a natural for
Microcentrifuge
Tubes.

THE SPEED VAC
CONCENTRATOR
is now
widely used with
Microcentrifuge Tubes to
minimize sample loss
and maximize sample
concentration. A
combination of ro-
tary action and vacuum applica-
tion account for the high efficiency
volume reduction of the sample.

100% SAMPLE RECOVERY

NO BUMPING NO DILUTION
NO SMEARING NO TRANSFER
NO WASHDOWN NO LOSSES

The Speed Vac Concentrator has re-
placed Flash Evaporators, Ultrafiltration,
The Bell Jar Dessicator for most ap-
plications ... e.g. Eluates, Hydrolysates,
Extracts, GLC and HPLC
Sample Preparation.

**"No Doubt About It —
This is the Preferred Method".**

Savant can supply the entire system
including the SPEED VAC CONCEN-
TRATOR, the Refrigerated Trap and
the Vacuum Pump as well as many ac-
cessories which makes the laboratory
completely operational.

Send for literature today.

Savant

10 reasons

... why you should join your professional
colleagues in the American Society for Micro-
biology, the world's largest single biological
science membership organization ...

- 1 A monthly subscription to *ASM News*
- 2 Member rates on ASM's renowned primary re-
search journals
- 3 Member rates on ASM's books
- 4 Special reduced member rates for the ASM Annual
Meeting and regional conferences
- 5 An influential voice in Washington with an effective
public relations program
- 6 Certification and registration programs through
the National Registry of Microbiologists, the
American Board of Medical Microbiology and the
American Board of Medical Laboratory Immunology
- 7 Outstanding continuing education workshops at
member rates and superb educational materials
including an extensive slide collection
- 8 A job placement service for a nominal fee
- 9 Optional life, disability and health insurance for
qualified members
- 10 Opportunities to participate in the scientific division
of your choice and join our 32,000 members in the
promotion of the microbiological sciences

If these ten reasons (and there are many more) sound
good to you, why not find out how you can join ASM today?

For more information, complete the coupon below
and mail to:

Dr. Robert K. Nauman
Chairman, Membership Committee
American Society for Microbiology
Box ASMN 1083 - 1913 I Street, N.W.
Washington, DC 20006

I'm interested in membership in the American Society for
Microbiology. Please send information and a Membership
