Molecular and Cellular Biology (ISSN 0270-7306) is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Department. The journal is published monthly, one volume per year. The nonmember subscription price is \$92 per year; single copies are \$21. The member subscription price is \$27 (foreign \$35 [surface rate]) per year; single copies are \$7. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Publications Department, 1913 I St., NW, Washington, DC 20006 (area 202 833-9680).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20006, and at additional mailing offices.

POSTMASTER: Send address changes to *Molecular and Cellular Biology*, ASM, 1913 I St., NW, Washington, DC 20006.

Made in the United States of America.

1984 APPLICATION FOR STUDENT MEMBERSHIP IN THE AMERICAN SOCIETY FOR MICROBIOLOGY

1913 I Street, NW • Washington, DC 20006 • (202) 833-9680

COMPLETE ALL INFORMATION REQUESTED AND RETURN FORM WITH REMITTANCE IN U.S. FUNDS

Eligibility Any matriculated student majoring in microbiology or a related field is eligible for election as a Student Member. Student Members have all the privileges of membership except the right to vote and hold office in the Society. Student Members receive the monthly ASM News and are entitled to subscribe to the Society's scientific journals at member rates.

Initiation Memberships are initiated and renewed in January each year. Unless there are directions to the contrary, membership nominations received prior to November 1 are credited to the current year, and back issues of the selected publications for the current year are furnished, if available. Nominations received after November 1 will become effective the following January.

PAYMENT IN U.S. DOLLARS MUST ACCOMPANY APPLICATION

Rates are for 1984 only.

A membership card and the journal(s) of your choice will be sent within 90 days upon completion of processing.

Dues for individual membership in ASM are tax deductible.

Non-U.S. applicants remit in U.S. dollars by check or draft payable to ASM through a U.S. bank located within the Continental U.S. Applicants from Canada may use check made out in U.S. dollars and drawn on a Canadian bank.

U.S. and non-U.S. applicants may choose to pay with VISA or MasterCard. If that is your preference, please fill in the box below.

1984 APPLICATION FOR FULL MEMBERSHIP IN THE AMERICAN SOCIETY FOR MICROBIOLOGY

1913 I Street, NW • Washington, DC 20006 • (202) 833-9680

COMPLETE ALL INFORMATION REQUESTED AND RETURN FORM WITH REMITTANCE IN U.S. FUNDS

Eligibility ASM welcomes to full membership anyone who is interested in its objectives and has a minimum of a bachelor's degree or equivalent in microbiology or a related field.

Initiation Memberships are initiated and renewed in January each year. Unless there are directions to the contrary, membership nominations received prior to November 1 are credited to the current year, and back issues of the selected publications for the current year are furnished, if available. Nominations received after November 1 will become effective the following January.

When the focus is on basic microbial research, readers turn to the following ASM journals:

Molecular and Cellular Biology

EDITOR IN CHIEF: **Aaron J. Shatkin**

MCB is devoted to the advancement and dissemination of fundamental knowledge concerning the molecular biology of eucaryotic cells, of both microbial and higher organisms. The journal publishes papers on cellular morphology and function, genome organization, regulation of genetic expression including immunoglobulin formation, morphogenesis, and somatic cell genetics. In addition, it contains articles concerning plasmid vectors and virus-infected cells in which emphasis is clearly on the cell.

Monthly. ISSN: 0270-7306. 2,700 pages in 1984.

Nonmember Member (US) Member (Foreign)

\$92.00 \$27.00 \$35.00

Add \$50.00 for foreign airmail service.

Journal of Bacteriology

EDITOR IN CHIEF: **Simon Silver**

The oldest of the ASM journals, JB is *the* leading periodical, worldwide, in its field. It is devoted to the advancement and dissemination of fundamental knowledge concerning bacteria and other microorganisms, including fungi and other unicellular, eucaryotic organisms. Regular features include articles on structure and function, plant microbiology, membranes, eucaryotic cells, genetics and molecular biology, plasmids and transposons, physiology and metabolism, and enzymology.

Monthly. ISSN: 0021-9193. 5,700 pages in 1984.

Nonmember Member (US) Member (Foreign)

\$249.00 \$37.00 \$49.00

Add \$100.00 for foreign airmail service.

Journal of Virology

EDITOR IN CHIEF: **Edward M. Scolnick**

This leading research journal is devoted to the dissemination of fundamental knowledge concerning viruses of bacteria, plants, and animals. JVI publishes reports of original research in all areas of basic virology, including biochemistry, biophysics, genetics, immunology, morphology, and physiology. With the January 1984 issue, a major new section of the journal was started: viral pathogenesis and immunity.

Monthly. ISSN: 0022-538X. 4,500 pages in 1984.

Nonmember Member (US) Member (Foreign)

\$249.00 \$37.00 \$49.00

Add \$90.00 for foreign airmail service.

Infection and Immunity

EDITOR IN CHIEF: **Joseph W. Shands, Jr.**

IAI publishes articles on: infections caused by pathogenic bacteria, fungi, and unicellular parasites; ecology and epidemiology of pathogenic microbes; virulence factors, such as toxins and microbial surface structures; nonspecific factors in host resistance and susceptibility to infection; and immunology of microbial infection. Oral microbiology is given extensive coverage.

Monthly. ISSN: 0019-9567. 4,400 pages in 1984.

Nonmember Member (US) Member (Foreign)

\$249.00 \$37.00 \$49.00

Add \$90.00 for foreign airmail service.

Order subscriptions to these journals from the publisher:

ASM American Society for Microbiology
Subscriptions Dept.
1913 I Street, NW • Washington, DC 20006

Prices are subject to change.
